

**Coronavirus: Message from Fall City Community Association
March 18, 2020**

Fall City is small yet mighty. We will remain resilient.

Fall City Community Association in-person monthly and committee meetings are temporary cancelled until further notice. Friday Community Discussion Hours are also cancelled.

We are taking this time to review virtual meeting options online and through social media. We encourage community members to stay connected with their neighbors during this pandemic. It's important to assist those that are vulnerable and have difficulty getting supplies they need.

Please practice common sense, social distancing and good hygiene.

Take the time to work on emergency preparedness plans. Involve your children and neighbors. Shared resources and plans are economical and effective.

Please continue to support our small business. Recent mandated closures are going to hurt our rural small businesses much more than the large companies. We rely on their goods and services to support us year round. Our community would suffer much more if our storefronts shutdown. This is our village, it takes all of us to be successful and vibrant.

Angela Donaldson
President
