New Member: Jennifer Martinell

Minutes: Motion to approve Minutes of the July 2022 Meeting as written: MSP

Subarea Plan Survey The FCCA Subarea Steward Committee has met every Monday evening since February 2021, independently of King County, to review the entire subarea plan; and to research, advocate and conduct outreach for the upcoming plan. Surveys conducted by King County are usually conducted through social media and email. The 98024-zip code has roughly 2300 households and 6600 people. We are only reaching about 1200 through social media and email. We want to do a thorough job reaching out to the entire community.

Subarea Stewards realize that if we want the King County Executive and County Council to listen, we need to have our own survey data to substantiate requests for services, infrastructure and support through policy language and code. The survey has been narrowed to 15 questions that should fit on one legal sized sheet that will be mailed to each household at a cost of approximately \$2300. The survey is expected to be delivered by the 3rd week of August with a September wrap-up. Completed print copies may be dropped off at Farmhouse Market and the Post Office. We will also provide an online link for people who prefer an online option.

MOTION: Motion to approve up to \$2500 to cover the costs associated with the distribution of the trifold mailer to every household in the 98024-zip code for the purpose of obtaining residents' priorities on critical issues for the upcoming Subarea Plan. MSP
